The Court is in receipt of Defendants' September 16, 2019 letter (Dkt. #283), and the Government's September 17, 2019 response. (Dkt. #285). While the Court agrees with the Government that the Government's PowerPoint presentation is not evidence, and indeed instructed the jury as much, the Court does not see a reason why the Government should refuse to turn it over to Defendants. The Court does not contemplate making the PowerPoint presentation part of the record in this case. However, the Government is ordered to provide Defendants with either a PDF or paper copy of that presentation. The Government may strip all metadata from the presentation and provide to Defendants only the slides presented at trial.
